PROJECTS

Flipkart Review Scraper (Python)

Flipkart Review Scraper:

Created a web scraper using Python's requests and BeautifulSoup libraries to extract product reviews from Flipkart, enabling sentiment analysis and consumer insight generation.

Image Scraper Project (python)

Developed an image scraper using Python and BeautifulSoup to extract images from websites, enhancing data collection efficiency and supporting visual content analysis.

YouTube Scraper Project (Python)

Implemented a YouTube scraper with Python and Selenium to gather video metadata and engagement metrics, facilitating trend analysis and content performance evaluation.

Portfolio Website (HTML/CSS/JS):

Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase projects, skills, and contact information, creating an interactive platform for sharing achievements and engaging with visitors.
